

ALTI4

2-way 4" pendant speaker

Highlights:

- Air suspension
- Innovative & unique design
- Suspension cable with dual steel core
- Ceiling cable cover
- Rotary switch for 6W, 12W, 24W and 16 Ohm tapings

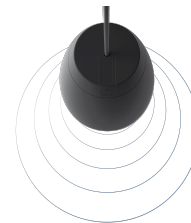

Product information:

The ALTI4 is a 2-way pendant loudspeaker featuring a 4" driver combination with an coaxially mounted 1" soft dome tweeter and is fitted with a phase plug for excellent off axis performance.

The 2-way combination with a high quality polypropylene enclosure and acoustic engineering craftsmanship guarantees premium performance for demanding applications. A continuous power handling of 30 Watt (RMS) and maximum power handling of 60 watt is achieved. Connections are made through a terminal block connector behind the rear cover, accompanied with a power tap selector switch for tapping of the 70V/100V line transformer with tapings for 24W, 12W, 6W and a 16 Ohm bypass connection.

Applications:

- Bars, restaurants
- Retail
- Education
- Public facilities
- Corporate spaces
- Sport facilities

Impedance:

16 Ohm

Voltage:
