Column Extension Kit

Use With BT8380 Columns

Installation Guide

Do not attempt to install this product until all instructions and warnings have been read and properly understood.

Please keep these instructions for future reference.

Please check carefully to make sure there are no missing or defective parts - defective parts must never be used.

B-Tech AV Mounts, its distributors and dealers are not liable or responsible for damage or injury caused by improper installation, improper use or failure to observe these safety instructions. In such cases, all guarantees will expire.

Designed To Connect Two BT8380 Vertical Columns

- i. Insert *items 1 & 2* halfway into the bottom column and loosely fit in place.
2x *item 1* in the front of the column. 2x *item 2* in the back of the column.
- ii. Fit the top column onto *items 1 & 2*.
- iii. Tighten all fixings. On the front of the column, tighten *item 3* with *item 5*.
Use a 10mm spanner to tighten *item 4* on the rear of column.

Note: Do not overtighten *items 3 & 4*.
