

BT8381-FFB

FIXED FLOOR BASE FOR BT8381 COLUMNS

Designed to securely fix a flat screen stand to the floor, the BT8381-FFB Fixed Floor Base attaches to a BT8381 vertical column and bolts directly to the floor creating a fixed position installation with a minimal footprint. Using a 6mm thick steel plate, this base is strong enough to support loads of up to 80kg when used in pairs and is ideal for installations where floor space is limited, such as retail applications which require screens to be mounted closer to walls or shop windows.

SPECIFICATIONS

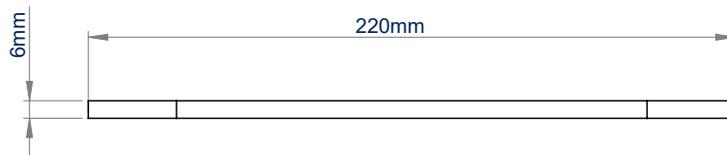

Max load (single column)	50kg
Max load (double column)	80kg
Base dimensions	W : 220mm D : 160mm H : 6mm

FEATURES

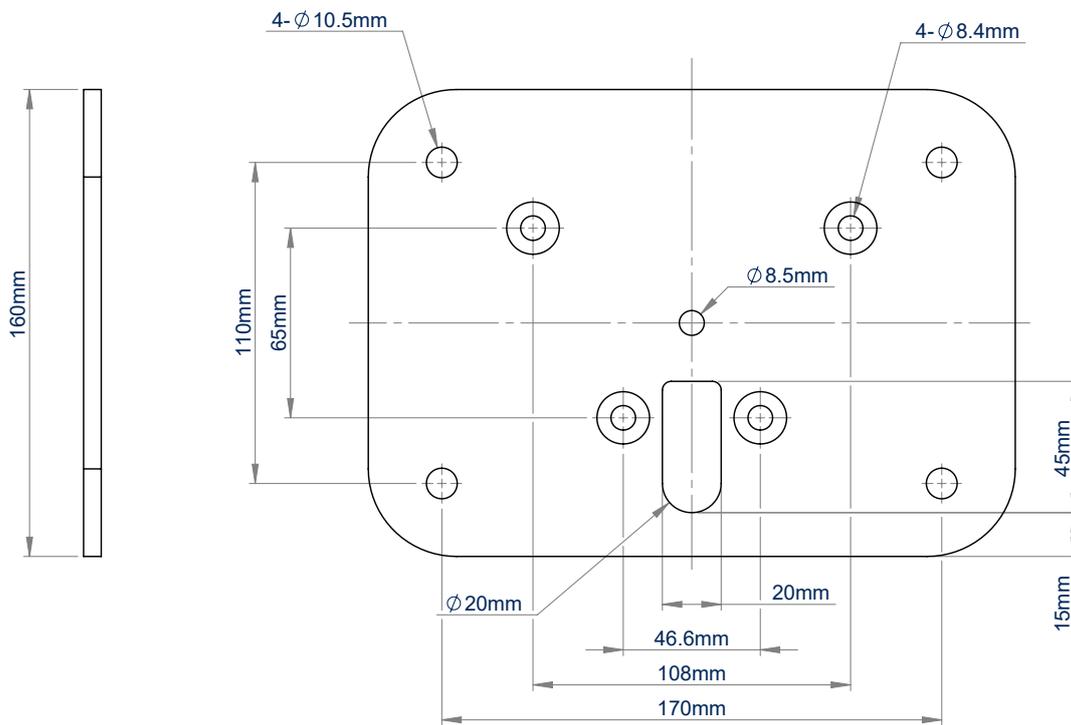

- 1 Small footprint is ideal for retail applications where floor space is limited
- 2 Easy installation to BT8381 columns using the included fixings
- 3 Integrated cable management for a neat and tidy installation
- 4 Can be used for large scale installations - ideal for retail environments
- Heavy duty steel capable of supporting substantial loads
- Max load increases when used with another fixed floor base
