BT9372

BOLT DOWN UNIVERSAL DIRECT VIEW LED VIDEOWALL STAND

The BT9372 is a bolt down solution designed to assemble LED panel videowalls. As part of B-Tech's System X Range, the BT9372 is part of a universal mounting system which is compatible with various LED panels, for use in several formats; wall mounted, trolley, freestanding and bolt down. An LED configuration tool allows BT9372 requirements to be specified online and features a quote request option which means pricing can be provided quickly, orders placed can then be fulfilled with short lead times thanks to our extensive stock of off-the-shelf B-Tech components.

FEATURES

- Configurable mounting solution available to order to your requirements, from stock - see configurator for info
- Universal design suitable for a variety of LED panels and configurations
- Options for front or rear mounted panels (see below)
- Assembled from off-the-shelf components for fast order fulfilment
- Online configuration tool for quick turnaround of quotes - no more lengthy wait for bespoke pricing from custom manufacturing
- System can be extended to any required width for large installations
- Open frame allows panel access for easy servicing and maintenance
- Small footprint for an unobtrusive installation into confined areas
- Pre-assembly of major parts for quick and easy installation
- All mounting hardware included
