

CANTO 7.6 6 x CIRA524 + COM108

Product information:

The CANTO7.6 set is composed of the CIRA524 full-range ceiling speakers with borderless grill design. The CENA506 provides a clear and intelligible sound, suited for versatile 100 Volt background music and announcement systems. Powered by a COM108 amplifier, great flexibility for connecting sources and microphones is offered. This system, using six CIRA524 ceiling speakers, can cover areas of around 100 m².
