

# CERRA2.2

2 x MERO2 + AMP20

Thanks to the elegant and nearly invisible design of the MERO speakers, the CERRA2.2 set will aesthetically blend into any environment while guaranteeing an unsurpassed sound experience.

Powered by the AMP20 mini stereo amplifier, this set enables total integration of the system without any noticeable parts. This system using two MERO2 loudspeakers, can cover with background music areas of around 30 m<sup>2</sup>.
