

## Highlights:

---

- HDMI 2.0
- Ultra HD 4K 2160p
- Fiber optic technology
- Flexible outer jacket
- Exchangeable connectors

## Product information:

---

The CLV220A is an Optical HDMI 2.0 cable aimed for fixed installations. It is able to transmit resolutions up to 4K@60Hz 4:4:4 with a bandwidth of 18Gbps via optical fiber, eliminating the possibility of electronic interference. The interchangeable connectors enable you to easily detach and reattach the connectors. Not only is this useful to fit the cable through holes and straight tubes with diameters as small as 20 mm, you can also quickly exchange the source and screen connectors based on your application.

## Certification:
