

CONGRESS1.5

4 x KYRA6 + NOBA8A

Product information:

When the intelligibility over a small to medium distance of speech and music is very important, the CONGRESS1.5 set featuring KYRA6 design column speakers and a stunning NOBA8A bass cabinet is the ideal solution. The two column speakers and the bass speakers are power from the integrated Class-D power amplifier in the NOBA8A. The system, using four KYRA6 loudspeakers and a NOBA8A bass cabinet can cover areas of around 100 m² with intelligible speech and music, even in acoustically difficult environments.

Features

Innovative & unique design
Intelligibility over medium distances
Integrated class-D amplifier
Energy-efficient
