

C-MHWP500

Multi-Head to Open End WP-500 Installation Cable

| VGA/UXGA - 15-pin HD

Kramer's C-MHWP500 is a cost-effective cable assembly designed for use with the WP-500 Wall Plate switcher. The multipurpose cable bundles cables for computer graphics video, composite video, stereo audio, RS-232 and IR signals in a single jacket. It is constructed of several connectors at one end and bare wire at the other end

FEATURES

Quality Construction - Molded 15 pin HD (M), 9-pin D-sub(M), 3.5mm mini jack (M), 3 RCA (M), and 3.5mm mini jack (F) connectors installed on one end, and the corresponding exposed, pre-stripped and tinned wires at the other end

Easy Installation - Pre-stripped and tinned conductors at the bare end, all labeled according to the print of the rear panel of the WP-500 to provide the easiest possible installation

Flexible Applications - Easily and quickly integrated into conference room and classroom environments

Companion Wall Plate - WP-500
