Classic Frame Screen

SCREENLINE

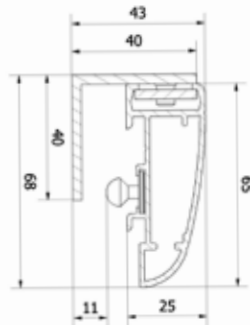

Fashion & Fashion Velvet

16:9	2.35:1
16:10	4:3

The inward rounded borders can be painted matt black or even come with black velvet finish in order to absorb any possible overlapping of the projected image.

The nylon corners are finished in the same way as the rest of the frame giving it a sense of continuity. The perimeter groove and the accessories provided make it possible to fix the screen to the wall or to let it hang from the ceiling. The fabrics are trimmed with a PVC border which disappears behind the frame giving the surface a remarkable flatness.

SCREEN CHARACTERISTICS

- stylish rounded borders
- velvety frame on request
- wide range of fabrics with black PVC border

16:9	21:9
16:10	4:3

Fashion Curved

New Involving Experience

- An extraordinary curved screen for a captivating visual experience.
- Smart minimal design created by an ergonomic curve and an elegant profile.
- A proportioned radius for brilliant vision from any angle.

The radius and depth of the curve create a wide visual field which results in a more comfortable and captivating screen.

The borders, physically closer and similar to the natural eye radius, give a homogeneous and balanced visual experience.
